and Desert Seas

**Induced Meandering/Erosion Control  
Restoration Assessment and Design Workshop  
24–27 Oct & 31 Oct–01 Nov 2011. Seven full days!**

**Sky Island Alliance is accepting applications** for the seven-day *Induced Meandering/Erosion Control Restoration Assessment and Design Workshop* led by **Bill Zeedyk** of Zeedyk Ecological Consulting, Albuquerque, NM, **Van Clothier** of Stream Dynamics, Silver City, NM, and **Craig Sponholtz** of Dryland Solutions, Santa Fe, NM. The workshop is broken into 2 sessions and will be held on **Las Ciénegas National Conservation Area** just south of Tucson.

**This workshop is an intensive introduction** to natural creek and arroyo function, techniques of field surveys, the analysis of incised channels, reading the landscape, the design of induced meandering and erosion control structures, and project design and layout principles. The curriculum will include some classroom sessions but will focus extensively on field experience.

**All participants will be housed on site** with a full camp set-up including canvas 4-10 person tents, cots (bring your own bedding), showers and bathrooms, and a mess tent/area where all meals and box lunches for the field will be provided. It is imperative that all participants stay on site for the duration of the workshop as your full attention and participation is required for the duration of all 7 days.

**This training is open to** professionals and students from a wide variety of backgrounds that possess basic knowledge of natural resource management and related concepts. Preference in the application process will be given to those with ability to implement the training on the ground.

**More information** on the course content and outline will be sent to interested parties. All materials will be provided including Bill and Van's new book *-Let the Water Do the Work*

**To apply please contact** Trevor Hare, Sky Island Alliance Landscape Restoration Program Manager at [trevor@skyislandalliance.org](mailto:trevor@skyislandalliance.org) or 520 624-7080 x14.

**Fees** (including camp setup and all meals/soft drinks) are \$1000 for professionals; and \$800 for students. Scholarship availability is very limited, please contact Trevor for details.

**Important Dates**

		<b>Registration/Fee deadline</b>
15 August		Food and Camping info deadline
30 August		Cancellation deadline
15 September		Meet on site, set up/familiarize with camp
24 October	8am	Finish first session
27 October	6pm	Meet on site, set up/familiarize with camp
31 October	8am	Finish workshop
02 November	5pm
